Lecturer

DR. DAN ROSEN, DDS

Dr. Dan Rosen is an international lecturer and educator on subjects related to implant dentistry and prosthetic rehabilitation of implant supported restorations. He is a graduate of medical school in Bologna, Italy and received Doctor of Dental Surgery from Tel Aviv University, Israel. He is a fellow and diplomate of the International Congress of Oral Implantology and member of the American Academy of Implant Dentistry. Dr. Rosen maintains a private practice in Los Angeles, California and mentors dentists in surgery and treatment related to implants. In addition to English, Dr. Rosen speaks Spanish, Italian, Hebrew, and Farsi.

Lecturer

DR. DENNIS SMILER, DDS, MSCD

Dr. Dennis Smiler is an Oral & Maxillofacial Surgeon. He is an internationally recognized expert in implant dentistry and bone grafting and has presented hundreds of lectures world-wide. He is considered to be among the finest and most popular teachers of implant dentistry in the world. He has trained and mentored numerous general practitioners and specialists in the art and science of implant placement techniques and bone graft surgery. As one of the first to establish an international implant seminar and the implant team concept, Dr. Smiler has been teaching implant dentistry and bone grafting for over 25 years.

Lecturer

DR. CHRISTOPHER W. BARRETT, DDS

Dr. Christopher Barrett originally grew up in Davenport, Iowa. He was influenced to pursue dentistry not only by his Grandfather, Dr. Larry Barrett, who is a past President of the Pierre Fauchard Academy but also by his family dentist, Dr. Kathryn Kell, who is the current President of the FDI World Dental Federation; the world's largest dental organization. He graduated from the University of Iowa College of Dentistry and proceeded to further his surgical education by completing a General Practice Residency at the Iowa City VA as well as the Iowa City Hospitals and Clinics. His passion is implant dentistry and he is currently pursuing his Diplomate status in the American Board of Oral Implantology. Dr. Barrett currently has a private practice limited to dental implant dentistry.

Speaker

DR. LARRY WOLFF, DDS

Lawrence A. Wolff, DDS received his doctor of dental surgery degree from the Medical College of Virginia. After completing his program at the Richmond, Virginia VA Hospital, he returned to Los Angeles where he started his practice in the San Fernando Valley. Dr. Wolff taught at The University of Southern California (USC) for 10 years after starting his practice and then moved his attention to hospital dental surgery. He joined staff at Providence Saint Joseph Medical Center in 1996 and is the Founder and Director of the Osseointegrated Implant Program. Dr. Wolff is the current Chairman of the Dental/Oral Maxillo-facial Surgery Section in the department of Surgery at Providence Saint Joseph Medical Center. He is also a fellow of the Academy of General Dentistry.

Dr. Wolff trained in a multitude of state-of-the-art dental techniques, including implants, surgical pathology, hospital dentistry, trauma surgery, laser surgery, and prosthodontics. He is a member of several organizations including the American Dental Association, The Academy of Osseointegration and the Southern California Academy of Oral Pathology. He is a clinical instructor for the USC School of Dentistry.

As a dental surgeon, Dr. Wolff is dedicated to providing the finest quality care for his patients in a warm, supportive and friendly environment. He takes the time to understand his patients' needs and is always willing to discuss all aspects and options of treatment.

Dr. Wolff is a member of the Providence Saint Joseph Medical Staff providing care in osseointegrated implants, reconstructive and hospital dentistry. Dr. Wolff also offers much reduced fees for Medicare Patients that are treated in the hospital setting.
